When selecting the Key Luster Metallic Color for your application, please take time to carefully consider:

1. **APPEARANCE**: Light colors tend to show more “shadow” than dark colors.
2. **TRAFFIC & MAINTENANCE**: Wheel marks and dirt naturally show up more on pale colors than on dark ones.
3. **SPILLAGE**: What might be most commonly spilled on the floor?

Consult your KEY REPRESENTATIVE to determine the degree of chemical resistance you may require prior to selection of the system.

KEY RESIN COMPANY provides this color guide for preliminary color selection only. Please refer to a physical sample prior to making a final choice. Please contact your KEY REPRESENTATIVE for assistance.
